## NEW MEXICO NEWS

Instead of issuing the customary Christmas pardon, Governor Curry commuted the death sentence of Santos Ortiz of Silver City to life imprisonment in the territorial penitentiary. Governor Curry took this step after careful consideration. It appears that the territory before the trial had offered to accept a plea of guilty in the second degree; that Ortiz was too poor to engage an attorney and that on account of poverty no appeal was taken to the territorial supreme court.

Incorporation papers were filed yesterday in the office of Territorial Secretary Nathan Jaffa by the Alamogordo Consumers Light and Power company of Alamogordo, Otero county. Charles E. Mitchell was designated as New Mexico agent. The capitalization is \$50,000, divided into 1,000 shares. The company begins with a paid up capital of \$38,500. The incorporators and directors are: George Carl, 750 shares; George Waigle, 10 shares; James A. Baird, 10 shares.

Sergeant J. W. Collier of the mounted police at Estancia, arrested a man named Bone, aged 37 years, for shooting up the town on Christmas day; Ves. Walkup for carrying a pistol; W. J. McAdams for assault with a deadly weapon, McAdams being fined \$100 and costs, and A. L. Montgomery for assault.

Sheriff Julius Meyer and Sergeant J. W. Collier, of the mounted police, yesterday lodged the following recidivists in the penitentiary: Lewis McKinley, three to four years for burglary and larceny; George Boyles, 1 to 2 years for burglary; Leslie Johnston one to two years for burglary. The three were sentenced by Judge John R. McFie, presiding over the district court at Estancia.

Judge John R. McFie has granted a temporary writ of injunction upon petition of Golden Barrett against the Taos Valley Land company, A. R. Manby, et al., to restrain defendants from disposing of the company's property, etc. The writ is returnable on January 28.

Nathan Salmon a Santa Fe merchant has received the following copy of an official order issued by Secretary of Commerce and Labor Charles Nagel, and addressed to the clerks of courts exercising jurisdiction in naturalization proceedings: "Clerks of courts exercising jurisdiction in naturalization proceedings will please disregard any request or direction heretofore made by any officer of this division of the department, whereby such clerks are called upon to refuse to receive or file declarations of intention and petitions for naturalization by reason of any meaning hitherto given by the division of naturalization to the words, white persons and persons of African nativity or descent, as used in section 2169 R. sue a pardon to Carl Leopold, the Roswell saloonkeeper, who had been committed to jail for sixty days on an old commitment under which he had violated his parole. Judge W. H. Pope, District Attorney J. M. Hervey and others, in view of the fact that Leopold has served part of the sentence were not opposed to executive clemency.

Dr. James A. Massie of Santa Fe of the territorial board of health, visited the good roads camp near Thornton and found that the case quarantined for smallpox was merely a case of chickenpox.

Christmas dinner at the penitentiary at Santa Fe provided an unusual feast for the prisoners. Roast goose with apple sauce, mashed potatoes, stewed corn, mince pie, tea and coffee proved a tempting menu. Cigars donated by H. B. Cartwright & Brother were passed around. In the afternoon, the customary exercises were held in the chapel for which La Banda de Santa Fe furnished the music.

S. S. Beaty, an old and respected citizen of Santa Fe, met with an accident Sunday that nearly resulted fatally. Beaty has been subject to epileptic fits and was in charge of a young boy. The latter took it into his head to go out and enjoy himself and left Beaty sitting near the stove. While the boy was away Beaty was suddenly seized with an epileptic fit and fell over on the stove severely burning his side. When discovered he was suffering terrible agony. His injuries were given immediate treatment and he is now much improved.

Deputy Sheriff Eugene Sprouse arrested a Mexican Christmas evening named Leopold at a dance at Silver City, who was trying to shoot out the lights. Then the deputy was attacked by another Mexican and he pulled a gun, and commenced firing, killing one man and wounding another in the leg. The Mexicans were all drinking and the deputy was forced to fire in order to protect his own life. The name of the man killed was not learned.

The territory is given an estimated increase of 200,000. In this New Mexico ranks fourth, Montana, Wyoming and Idaho leading by small margins. This number refers to sheep fit for shearing. In the number of sheep of shearing age on April 1, last, New Mexico ranked third, with a total of 3,200,000. Montana led with 5,000,000, and Wyoming was second with but 200,000 less than that number. New Mexico's total valuation of wool produced was \$1,946,160.

What is termed the mechanical part of the work on the new federal building at Albuquerque, is being conducted now under the direction of the architects. The steam heating apparatus is being piped for gas and wired for electricity. As soon as the work is completed the work of laying the concrete floors which will be used as a base for the ornamental tile floors will be begun.
